

Making of Cities is a niche urban and regional development consultancy pushing boundaries towards new approaches to sustainability and resilience. Why and how are cities made? What forces have shaped cities through time? And how has the physical urban form of the city structured power relations?.

Ecotoxicology The Study Of Pollutants In Ecosystems, Dorothy Wordsworth, Writer, ProEngineer 2001 Assistant, Ciskei: An Assessment, Constructing Gendered Bodies, The Reform Of Renewal, The Golden Chain: Essays On William Morris And Pre-Raphaelitism,

J / J / Examines the complex development of cities through history by tracing a diachronic accumulation of forms and spaces in specific cities, and showing how significant ideas were made manifest across distinct geographies and cultures.
