MEMOIRS OF THE LIFE

OF

SIR THOMAS WYATT.

SIR Thomas Wyatt, generally called Sir Thomas Wyatt the Elder, the friend of Henry of Surrey, and with him one of the first improvers of the English language, and restorers of modern English poetry, was descended from an ancient and honourable family originally of Southange, in Yorkshire, where they had attained to a considerable degree of consequence as early as the reign of Edward the Third.¹ Sir Henry Wyatt, father to

¹ A branch of the family seems to have settled at Oundle in Northamptonshire. Joan, the widow of Robert Wyatt, founded there in the 4th of Edward IV. a Fraternity in honour of the Virgin, St. John, and St. George. It was endowed with revenues for two priests, who, at the suppression of the monasteries, had each a salary of 2l. 2s. 8d. Robert Wyatt, probably son to Joan Wyatt, dying in 1496, was buried in the chapel of St. John the Baptist, leaving 21 shillings to the Guild of the Blessed Virgin; viz. viii d. to her chapel, and the same to the chapels of the Holy Trinity and St. Thomas. He left also xliii s. viii d. to the repairs of Ashton and Oundle bridge. See *Bridges' Northamptonshire*, Vol. II, p. 410 and p. 412. See also *Leland's Itinerary*, Vol. I, p. 3 and 4, where mention is made of other endowments of Robert Wyatt (whom Leland calls a merchant) and his widow Joan Wyatt. He there spells the name Viate. It should be observed generally, that the name is spelt variously, Wiat, Wiot, Wyote, and Wyott. In Latin it was written Viatus.
